projects of all sizes
and disciplines.**

Maestro Ennio Morricone at the
Arena of Verona | August 30th 2017

Our experienced, cross-disciplinary team works on a vast array of projects, ranging from new show development to licensing existing shows and talent management. With an office in Amsterdam and an ever-expanding network of partners worldwide, GEA has been producing creative projects across the globe since 2003.

In its early years GEA mainly acted as a producer of international theatrical tours for international titles such as De La Guarda, Cirque Mechanics, Fuego! – The Spanish Dance Spectacular, The Official Westend Production of The Blues Brothers, Hair – The Musical, Ghost Stories and the massively successful French rock-opera Notre Dame De Paris.

The company also extensively worked on booking and promoting international concert and festival engagements with numerous international artists such as Christina Aguilera, Earth, Wind & Fire, Kool & The Gang, The Scorpions, Sean Paul, Jim Belushi, Sir Tom Jones, The Simple Minds, Chaka Khan, Laura Pausini, Grace Jones, Gloria Gaynor and countless smaller acts.

The cooperation with the late Maestro Morricone, which began in 2012 and the phenomenal success that followed, saw a shift in the company's focus to film music as a genre. In recent years GEA has produced and still produces touring live screenings with orchestra and choirs of major motion pictures such as The Godfather, La La Land, The Hunger Games and Paddington.

In November and December 2017 GEA produced the first ever concert tour of Hollywood composer **James Newton Howard**, which opened at London's Royal Albert Hall and toured 15 European cities.

Outside the realm of film music, in 2017 and 2018 GEA partnered with Graceland and Sony Music Entertainment on producing **Elvis Live on Screen** with the Czech National Symphony Orchestra, a production that starred Elvis on screen synced with his master vocals and a live symphony orchestra. The tour was hosted live on stage by Priscilla Presley and spanned 20 arenas in 13 countries.

Since its inception in 2003, GEA has produced and delivered live entertainment projects and artists in over 28 countries worldwide. Many of the productions and artists that the company started working with in its early years are still part of its diversified portfolio today.

Elvis Live on Screen with Priscilla Presley at the Mercedes-Benz Arena in Berlin | May 15th 2017

In 2019, GEA put together the first ever live tour of the legendary music producer and pioneer of electronic dance music, **Giorgio Moroder**.

At 78 years young of age, the multi Academy Award and Grammy Award-winning Moroder embarked on a 16-city European tour in April and May 2019. Ending the tour in style, Moroder performed at 4 festivals all over Europe in the summer of 2019, with a hugely successful finale at Lowlands Festival in the Netherlands. The tour production entitled '**A Celebration of the 80's**' saw the Italian songwriter, producer and DJ perform the highlights from his prolific career in a spectacular stage show with dazzling visuals and lighting alongside his band and vocalists.

OUR

A NETFLIX ORIGINAL DOCUMENTARY SERIES

PLANET
LIVE IN CONCERT

Our Planet Live in Concert is specially developed by the series producers Silverback Films and Oscar®-winning composer Steven Price, including on-screen narration by legendary broadcaster, David Attenborough. Blending the outstanding natural world visuals of the Emmy Award®-winning Netflix series with high-quality live elements, this concert will be a mesmerizing live experience.

A large 4K projection screen will provide razor sharp video footage, showing the most memorable sequences of the Our Planet series. Intelligent lighting will heighten the visual experience, programmed to run in sync with the footage. Add to this a high-end sound system, and audiences will be fully immersed into the wonders of the Earth, Our Planet Live in Concert will tour throughout Europe in Autumn 2022.

OUR PLANET
LIVE IN CONCERT

Space Station Earth has been created by award-winning composer Ilan Eshkeri, in close collaboration with the European Space Agency (ESA). Stunning images captured aboard the International Space Station by the astronauts, mixed with footage of operations at the European Space Agency, is projected across three screens and set to original music by composer Ilan Eshkeri. Combining spellbinding visuals with the live performance of a band and orchestra, SSE aims to bring people as close as possible to the unique experience of astronauts. This is the closest you will ever get to space.

In the Spring/Summer of 2022, ESA will present Space Station Earth on a European tour featuring many of its astronauts who have actually been on space missions.

ILAN ESHKERI'S

SPACE STATION EARTH IN COLLABORATION WITH

Dirty Dancing

IN CONCERT

In 2022/2023, audiences will get a chance to relive the timeless love story of Baby and Johnny as Lionsgate, GEA Live and Karl Sydow announce, **Dirty Dancing in Concert**.

The first official tour of Dirty Dancing in Concert will be a unique audience experience, as they get to enjoy the classic film like never before - on a full-size cinema screen with a band and singers live on stage. With a soundtrack that marked a generation, Dirty Dancing in Concert promises to bring a new thrilling experience to the 80s classic! Directly following the film, the band and singers will throw a after-party that will surely take the audience back to the time of your life, as they get to sing and dance along to their favorite Dirty Dancing songs.

GEA Live has worked with Maestro Morricone for the last six years of his career prior to his passing on his hugely successful concert tours. In the past two years, before the Maestro deceased, the company has been working with him and his son Andrea on the creation of a new celebratory concert of his works. This concert, which is entitled **Ennio Morricone - The Official Concert Celebration**, will be a unique, large scale arena production with a music program of the Maestro's most famous and most favourite works.

The music shall be conducted by Andrea Morricone (pictured left) and will feature six of the Maestro's longtime soloists, supported by local symphony orchestras and choirs. The program will be presented with a supersized video screen to include film clips, stills and never before seen footage of the Maestro and some of his collaborators. The program will include many of the famous works from the Western films, the Mission, Cinema Paradiso and other films as well as compositions that were dear to the Maestro personally and that he would like to present to his audiences in the days when he was still conducting himself.

More information about GEA's current tours and projects can be found on www.gealive.com.
